

Sustainable Dittisham

Dittisham Parish Council are co-ordinating the establishment of a Community Interest Group.

This group will focus their efforts towards ensuring the Parish of Dittisham develops a sustainable future.

We are seeking interested individuals who can work as part of a team to join this group.

The key tasks of the group will be the following:

- Researching the key environmental issues
- Identifying solutions to the issues
- Communicating these to the Parish
- Driving forward the implementation of these solutions

If you have the time, energy, commitment and passion to be involved in this group then please get in touch with us.

Please email SD@dittishamparishcouncil.co.uk

Or write to Sune Nightingale, Capton Spring, Capton, TQ60JE.

We will then arrange the initial meeting to get this group started in ensuring we maintain and improve our beautiful Parish and contribute positively to the issues facing our environment.

Many thanks – Nik Green and Sune Nightingale.
