Dear Richard and Cat

Network Plus on behalf of SWW have completed the trial holes earlier this year and have confirmed the works required in Dittisham

Due to the tourist / summer trade, we are going to commence works in January 2027 through to March 2027. We will then return to complete further works in the Winter months of 27/28. Access will be maintained throughout the works

Please see below the email trail from Highways agreeing to the works starting in January (exact dates and locations to be advised shortly). We have requested that we complete works in Lower Street and Manor Street at the same time in order to lessen the time we are working in the village. Highways have agreed this but have asked for confirmation in writing from yourselves that this is acceptable.

We will be planning a public meeting in the village prior to any works commencing and would also like to request to attend a Parish Council meeting to explain the project in more detail and to allay any concerns

If I can be of any further assistance, please do not hesitate to contact me.

Kind regards

Lynda

Hi Carle

I personally don't have an issue with this, the soonest you are in, the soonest you have gone, if the PC are happy then fine. It would be helpful if you could get there approval in writing.

Kind regards
Lisa

Can I also ask if there would be any opportunity of doing Lower Street and Manor Street at the same time.

We will also be setting up meetings with the parish council and residents.

Kind Regards.
